

Time for a Timeline Worksheet

Recorder's Name:
Reporter's Name:
Prehistoric Era:

Class Period:
Presentation/Due Date:
www.geocities.com/davidsalvas

Directions: Your final Data Sheet must include information on the the following questions. This worksheet is designed to work just like your Q-Notes.

1. When did your era begin and end?
2. What types of evidence have scientists discovered that inform them about this era in Earth's prehistory?
3. What did the environment on Earth look like at that time?
4. What were the major changes that the Earth experienced during this era? How or why did this era come to an end?
5. What kinds of life forms (animal and/or vegetable) were present during this time? Describe one or more of the most interesting.
