

Problem-Solving Steps

- Look at the cards at the ends of each row.
- Look at the cards in your hand. Do you have any matches?
- Look at the cards at the ends of each column.
- Look at the cards in your hand. Do you have any matches?
- If you have a match, which one would let you pick up the MOST cards?
- If you do NOT have a match, do you have a card you should get rid of (such as a card with only one dot?)
