

## Paragraph Writing

Name: \_\_\_\_\_

A paragraph needs a topic sentence and supporting detail sentences that support the topic.

**Example:** **Health Consequences**

It is recommended that we avoid eating too much fast food. Fast food's negative impact on the body makes it difficult for people to live longer lives. There are many different types of fast food, but the negative effects of fast food are universal. It is important to remember that the consumption of fast food can lead to many health issues.

In the example, there is a topic sentence, 3 supporting sentences and a concluding sentence.

Try a paragraph on your favorite movie. (What is it, what was it about, why did you like it?)

**Movie:** \_\_\_\_\_
