

Drama 10 - Five Elements Worksheet

Name: _____

The Five Elements:

1. Environment

Create a logical environment / setting for the scene.

2. Relationship

Create characters and establish their relationship to each other.

3. Conflict

Create a conflict or series of conflicts for the characters to deal with.

4. Stakes

Raise the stakes at least once during the scene. Create ways of making the scene matter by providing motivation for the characters and reasons for the audience to want to watch the scene.

5. Resolution

End the story by finding a suitable resolution to the conflicts you have created.

For each of the episodes of the *Storyteller* series, identify the five elements of that story. Answer in complete sentences and provide a reasonable amount of detail.
