

GCISD Lesson Plan - Monday

Date	Class
4.11.11	6OLPAP

Learning Objective:

TEK #	Student Expectation
6.12	The student knows all organisms are classified into Domains and Kingdoms. Organisms within these taxonomic groups share similar characteristics which allow them to interact with the living and nonliving parts of their ecosystem. The student is expected to:
E	describe biotic and abiotic parts of an ecosystem in which organisms interact;

Learning Goal:

I can	Identify parts of different ecosystems.
I can	Identify abiotic and biotic factors found within different ecosystems.

Warm up / Hook:

- Create a brace map for parts of the ecosystem

Sequence of Learning Activities:

- Alien Ecosystem Walk Through
 - Students will carousel through each ecosystem drawing, answering questions about each drawing.

Check for Understanding:

- Double bubble two different ecosystems

Materials:

- Completed Alien Ecosystem Drawings

Homework: None
