Solve the equations:

$1 + 4 = \underline{\quad}$	$5 + 2 = \underline{\quad}$	$8 + 0 = \underline{\quad}$
$3 + \underline{\quad} = 9$	$6 + \underline{\quad} = 7$	$\underline{\quad} + 2 = 5$
$\underline{\quad} + 2 = 8$	$\underline{\quad} + 4 = 10$	$0 + \underline{\quad} = 3$

Operational and Algebraic Thinking 8. Generate numbers less than or equal to 10 into pairs to make the total, e.g., by using objects or drawings and record each pair by writing an equation (e.g., $8 + 2 = 10$ and $10 = 8 + 2$).
