

V. Identifying transformation matrices

For each graph, write the original coordinate matrix  $M$ , the transformed matrix  $M'$ , and the transformation matrix  $T$ .

1)  $M = \begin{bmatrix} & \\ & \end{bmatrix}$        $M' = \begin{bmatrix} & \\ & \end{bmatrix}$

$T = \begin{bmatrix} & \\ & \end{bmatrix}$

2)  $M = \begin{bmatrix} & \\ & \end{bmatrix}$        $M' = \begin{bmatrix} & \\ & \end{bmatrix}$

$T = \begin{bmatrix} & \\ & \end{bmatrix}$

3)  $M = \begin{bmatrix} & \\ & \end{bmatrix}$        $M' = \begin{bmatrix} & \\ & \end{bmatrix}$

$T = \begin{bmatrix} & \\ & \end{bmatrix}$
