

CLOWY THE CAT

Cut and paste the events in the order they are in the story!

Name _____ Date _____

Once upon a time, in a cozy little house nestled at the edge of the forest, there lived a curious cat named Clowy. Clowy had the softest, cloud-like fur that seemed to change colors with the shifting sunlight. Every morning, Clowy would stretch out on the windowsill, her eyes wide with wonder as she watched the world wake up. She loved to chase sunbeams that danced across the wooden floor, pouncing on them with all the grace of a ballet dancer. Clowy's favorite pastime, though, was sitting by the fireplace, listening to the crackling flames and dreaming of far-off adventures. And so, in that little house, Clowy found contentment in the simple joys of life, her whiskers twitching with anticipation for the next magical moment that awaited her.
