

Name: _____

Date: _____

MATCH LANGUAGE TO THE APPROPRIATE CONTEXT

Most people adjust how they speak or write depending on where they are, who they're with, and how they're communicating. These different ways of speaking and writing are called dialects or registers. Take a look at some of the differences between Standard English and non-Standard English:

Directions: Write the correct letter to match each sentence to its context based on the language used. The first set has been done for you as an example.
