

Story Sequencing

Read the story and highlight the sequence of words you see.
Then write what happens in sequential order!

Name:

Date:

It was a bright and sunny day when Sarah decided to visit the park. First, she packed a picnic basket with sandwiches, fruit, and juice. Next, Sarah put on her favorite hat and walked out the door with a big smile on her face. Then, she arrived at the park and found a shady spot under a large tree to spread her blanket. Last, she enjoyed her lunch while watching the birds fly by and listening to the soft rustle of the leaves.
