# DISCOVER YOUR SMILE

## DENTAL ANATOMY FUN ACTIVITY!

**Observe the Diagram:** Look closely at the image of the teeth. Notice the different shapes and sizes.

**Label the Teeth:** Use your knowledge of dental anatomy to fill in the blank boxes. Identify the different types of teeth such as incisors, canines, premolars, molars, and any other parts you recognize.

Are you ready to show off your dental knowledge? Let's get started!
